# 🔥 FIRE MARSHAL COMPLIANCE NOTICE

## Oklahoma Hospitality Expo – Exhibitor Requirements

*Presented by the Oklahoma Restaurant Association, Oklahoma Hotel & Lodging Association, and Oklahoma Travel Industry Association*

All exhibitors using **cooking, warming, grilling, or frying equipment** must comply with the following:

---

### 🧯 Fire Extinguishers Required

- Each booth using cooking or warming devices must have a **20BC-rated fire extinguisher** readily accessible.
- Exhibitors with **multiple booths or cooking/heating stations** must provide an extinguisher for each station.

---

### 🍳 Specialized Extinguishers for Cooking

- Booths **grilling or frying** are required to have a **Class K fire extinguisher**.
- If using multiple cooking methods (e.g., grease cooking and sterno warming), **both a 20BC and Class K extinguisher may be required**.

---

### 🔥 Sterno Safety Measures

- All sterno-fueled warming devices (including chafing dishes) must have a **metal pan placed underneath** to prevent the spread of flammable materials if disturbed.

---

### 🧱 Booth Material Requirements

- All decorative materials must be:
  - o **Non-combustible**,
  - o **Limited combustible**, or
  - o **Properly treated with flame-retardant materials**.

---

### ⚠️ Compliance Enforcement

The Oklahoma Restaurant Association (ORA) will always have two Fire Marshals on-site.

🚫 **Exhibitors who do not meet these requirements will NOT be permitted to conduct cooking activities in their booth.**
